Educations

Vellore Institute of Technology (VIT), Chennai

B.Tech in Computer Science Engineering with AI and Robotics- CGPA: 8.20

Tamil Nadu, India

Sept 2021–June 2025

Jawahar Navodaya Vidyalaya (JNV)

Percentage: X - 89.4%, XII - 85.6% (CBSE)

Farrukhabad, UP

July 2013–July 2020

Experiences

Cloud Technology Development Programme (CTDP 2.0)

June 2024–Sept 2024

Trainee

PwC, India

- Specialized in Salesforce tools and techniques with more than 87K Trailhead score.
- Completed 25+ Trailhead modules and projects, contributing to a 20% reduction in customer response time.

Projects

Credit Card Fraud Detection

- Profiling datasets using pandas Visualized data to identify correlations, variable relationships, and missing values
- Trained the model utilizing random forest techniques and Xgboost algorithms with the accuracy of 84.74% score.

Crowdfunding Platform using Blockchain (Group Project)

- Developed a decentralized crowdfunding platform using React JS, Next.js, Hardhat and Solidity on the Ethereum network, enabling secure and transparent fundraising .
- Implemented smart contracts for automated fund management, ensuring seamless and secure transactions for over fifty crowdfunding campaigns.

DeepHide AI

- Designed and implemented DeepHide AI, an advanced secure communication system combining steganography and cryptography to embed, encrypt, and retrieve confidential messages using AI image.
- Utilized AES encryption for securing steganographic images and ECC-based key generation for efficient decryption and secure key management.
- Achieved seamless retrieval of embedded text, ensuring end-to-end encryption and enhanced confidentiality in message transmission.

Technical Skills

Languages: C/C++, Java, Python, SQL, HTML/CSS

Platforms: Windows, Linux, Ubuntu, Raspberry Pi, AWS, Azure, Salesforce, Docker

Libraries & Tools: Pandas, Scikit-learn, NumPy, MATLAB, Simulink, Git, GitHub, ROS, OpenCV

Soft Skills: Project Management, Leadership, Problem Solving, Adaptability, Multilingual

Certifications

AZ-104 Azure Administrator

[Microsoft Azure](#)

Cybersecurity Analyst

[TCS](#)

AWS Cloud Practitioner
